Red coordinates indicate GPS Fix

## The Toccoa River Canoe Trail

The Toccoa River Canoe Trail utilizes the Toccoa River from the launch at Deep Hole Recreation Area flowing west and north to its end at Sandy Bottoms Canoe Take Out. Enjoy views of forested public lands, pastoral private lands, laurel and rhododendron thickets and their associated wildlife, coupled with great fishing and some rapids make this the perfect canoe or kayak trip. The Canoe Trail is ideal for beginners and those who enjoy a less than vigorous float in a north Georgia mountain river. The river flow is dependent upon rainfall, and at times of low rain portions of the river might be shallow requiring you to pull your boat through the shallows. Check with the US Forest Service about conditions by calling the Blue Ridge Ranger District at 706-745-6928.

The Canoe Trail begins on the north bank of the river and flows gently west and north in a meandering manner. and River flow is generally 3-4 miles per hour. Driving time from Blue Ridge GA to the put-in at Deep Hole is about an hour, and setting up your take-out shuttle at Sandy Bottoms and getting back to the put-in requires more time, so plan accordingly. This adventure is best started early in the day.

## The Toccoa River

The Toccoa River, one of Georgia's most pristine trout streams, has its headwaters in Union County, flows into Fannin County and becomes the major feeder stream for Blue Ridge Lake. It resumes its flow below the Blue Ridge dam and travels north into Tennessee, where it is known as the Ocoee River. Water quality is good and trout fishing is excellent. Add beautiful scenery and mild rapids and you have the perfect environment for canoeing, tubing, fishing, camping and all kinds of outdoor recreation.

## Lake Blue Ridge

Lake Blue Ridge is a 3,290-acre lake, providing over 100 miles of mostly public shoreline. The surrounding area has National Forest campsites, several boat ramps, a full service marina and public swimming and picnic areas, including Morganton Point and Lake Blue Ridge Recreation areas. Lake Blue Ridge is the only small-mouth bass lake in Georgia and the only lake in the state where you can catch a Muskie, a game fish of the Pike family. All kind of water adventures are available on Lake Blue Ridge from fishing to pontoon boating, waterskiing, kayaking or just picnicing and relaxing on the shores of this gorgeous mountain lake.

**A Word to the Wise ...** Be prepared for wilderness and carry the 10 Essentials (wiki or Google it). See the USFS web site at [www.fs.fed.us/conf/](http://www.fs.fed.us/conf/). The law of the forest is "leave no trace". See [www.LNT.org](http://www.LNT.org) for info. Please pack in all you will need and pack out all your trash. If you build a fire, never leave it unattended. Use good judgment when hiking, particularly around waterfalls where rocks are often wet, moss covered and slippery. If hiking during hunting season, wear a brightly colored vest. Unexpected encounters with animals can be pleasurable or problematic. Look for hawks soaring silently above and woodpeckers, turkeys and mountain grouse near the forest edges. The flash of a white-tail deer is an every day occurrence. More rare is sighting a black bear or bobcat. Most animals will flee the presence of humans, but be on the lookout for copperheads, wasps, yellow jackets and other biting, stinging critters.
