

DOWNTOWN BLUE RIDGE PARKING AREAS

Downtown Blue Ridge Improvement Project January - May 2017

Beginning January 9, 2017

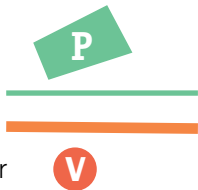

E. Main St. in downtown Blue Ridge will be partially closed from Depot St. to Messer St. while we undergo street and sidewalk improvements. Once the project is completed, the strolling, shopping and dining experience in our historic downtown area will be even better. This map shows the location of on-street and lot parking areas in the downtown area for your parking convenience.
